Sterigenics Statement Regarding Hertz Complaint

“Sterigenics and its employees did not cause any injury to the plaintiffs. The allegations asserted in this lawsuit against Sotera Health, Sterigenics and Sterigenics’ employees are baseless, and we will vigorously defend against them.

“The plaintiffs are not Sterigenics employees. They are employed by another company and their claims relate to that company’s processes and the work those employees perform at that company’s facility.

“The claims do not relate to Sterigenics’ state-of-the-art emissions controls at its Atlanta facility. They also do not concern its dispute with Cobb County and its officials or Sterigenics’ right to continue its operations under the court-approved Consent Order.”
